

**Glen Rock School District presents its
49th annual Robert H. Ax Awards
on Monday, June 11**

Teacher/staff recipients are awarded the distinction by their respective colleagues.

The award was established in 1969 to honor, upon his retirement, founding GRHS Principal Robert H. Ax, who traveled the nation in the mid-1950s, interviewing hundreds of prospective teachers for the then-new high school, and hiring a select few, many of whom went on to establish national recognition in their fields.

Following his 14 years of district service, Ax continued to support local education as a member of the Glen Rock BOE. He died in 1993 at age 84.
